25X1X [redacted] the Ecuadoran Minister of Government, Eduardo Salazar, may resign in the near future. Although he has made no public announcement that he expects to leave the Plaza cabinet, unconfirmed reports indicate that Salazar will resign if he believes President Plaza's position is untenable during the next session of Congress. Salazar is said to be convinced that he can obtain the leadership of the Liberal Party, in which event he would not want to be associated with the outgoing government.

This document is hereby regraded to CONFIDENTIAL in accordance with the letter of 16 October 1978 from the Director of Central Intelligence to the Archivist of the United States.
